Finally a learning system to put the learner at the center. Move beyond simply scheduling and tracking courses with the **XPERT eCampus**, from Q2 Learning. Create and deliver true performance-based learning programs which support formal learning, informal learning, and just-in-time learning.

XPERT eCampus is only limited by your imagination. Beginning with a robust portal engine, you can create unlimited workspaces, sites and curriculums; each with their own resources, tools, roles and permissions—optimized to work together.

XPERT eCampus includes a powerful widget library, combined with a full set of collaboration tools (discussion forums, blogs, wikis, Web meetings, chat, IM, email), to capture the best of interactive content.

Stocked with templates, the **XPERT eCampus** is easy to use. You can quickly create workspaces to support different types of learning and knowledge sharing requirements in as little as three mouse clicks.

Build vibrant skills by mapping the best practices of instructor-led training, any type of electronic content with web meetings, group discussions, and coached assignments. **XPERT eCampus** tracks collaboration as easily as it tracks SCORM objects. Organizations can now include follow-up and reinforcement as core elements of critical learning programs.

XPERT eCampus, easily integrates with your ERP or HR systems.

Contact us today **(877) 751-2200** to see how **XPERT eCampus** can take your learners beyond training to building true mastery of skills.
