

Aerotek selects Q2Learning eCampus Platform to Drive Training Results

Falls Church VA, (October 2005) – Aerotek staffing services, a leading engineering and technical staffing agency has selected Q2Learning's xPERT eCampus™ as its collaborative learning environment.

Used in conjunction with Aerotek's learning management system, GeoLearning's *GeoMaestro™*, Q2's blended learning delivery platform will let Aerotek staff convert learning to action. The eCampus will support programs such as Behavioral Interviewing and Sales Fundamentals, and help Aerotek track the responses of their learning coaches, as well as their students.

About Aerotek

Aerotek is a leading provider of commercial, industrial and technical recruiting and staffing services. Aerotek has a 21-year history of customized recruiting and placement solutions that continually place the best candidates at all levels of skill and expertise.

About Q2Learning, LLC

Q2Learning is the leading provider of enterprise software for collaborative learning and knowledge management. The company's xPERT eCampus, winner of the 2004 gold Brandon Hall award for innovative technology, offers the ability to drive mastery learning by rapidly developing blended learning programs that weave electronic content, web meetings, practice assignments and coached OJT into integrated programs of study. The company's other products include the xPERT eCommunity, enabling the rapid creation of communities of practice, and the xPERT eReference for performance support and workflow learning.
